Subject:	Re: MOU with SAIL

Dear Benad:

I appreciate the update. The response is reasonably normal at this stage. I am meeting Dr. Jiang on June 30 or July 1 and should be able to get a clear sense of the situation. In preparation, can you email me, in confidence, the MOU?

Who from SAIL specifically is writing to you for the additional information? Who was copied on the emails?

One more question: Have either of you had any other conversations or exchanged emails/documents on the general idea with any other individuals or entities in China?

Let's plan for the three of us to speak / Skype after I meet.

Separately, attached are some of my recent activities with leadership introducing President Xi's ideas and the CPC, China's 'ruling party', to international audiences.

Thanks and best,

Robert
